GORILLA POST

Magnetic Mounting System

GORILLA POST STANDARD -VS- TOOLLESS MAGNETIC BASE

Similarities :

- Ideal solutions for Traffic & Pedestrian queuing systems
- Excellent for posting and delineation
- Easily deployed and removed
- Reflective striping option
- Great options for drive-through and curbside pick-up

Differences :

- The largest determining factor is whether the posts will be left unattended (Standard) or an employee will be present during deployment (Toolless).

Thank you for supporting a small business.
